## **GOOD NEIGHBOR AWARDS DETAILS**

The Providers' Network Good Neighbor Awards be limited to **two (2) per agency**. We hope to keep the awards significant and meaningful.

So how do you select someone for the "Good Neighbor Recognition Award?" Some examples from the past include a true neighbor who might take a special interest in one of your programs (comes over and bakes cookies with the people who live there, helps plant flowers at your home, is always doing something special for one of your homes or your agency). Another example of a good neighbor might be a specialized service provider that goes above and beyond what one would expect from that service provider. Past recipients include a bowling alley, a grocer, Rochester Civitan Club, a local Dentist, an elderly neighbor woman, Winona State Warriors Basketball team, and other caring, dedicated individual volunteers.
