

Mentoring Group Meetings

January 2020 through December 2020

The Mentoring Group:

The current membership consists of about 20 staff from several agencies from within Providers' Network. The group will be facilitated by long term members of the Mentoring Group and individuals who have education and experience in working with challenging behaviors and providing positive behavioral supports.

Members of the group present difficult cases from their organization and receive feedback from the group. Members also provide presentations to the group on areas of interest and/or expertise. The group additionally brings in guest presenters who have expertise in areas that the group has expressed an interest in. The goal of the group has been to provide a venue for staff that would like to expand their skill level in providing positive behavioral supports for people with special needs and to also provide those staff with a peer group to assist them with difficult cases.

Please note: To join the Mentoring Group you must first complete the Positive Behavioral Supports Training offered by Providers' Network or have received the equivalent from another source. If you have questions feel free to contact Deb Niedfeldt dgn@charter.net
